How To Make A Post In Activity Feed

Follow these steps to make a post in the Activity Feed -

Step 1. Navigate to the Activity Feed section on the platform.

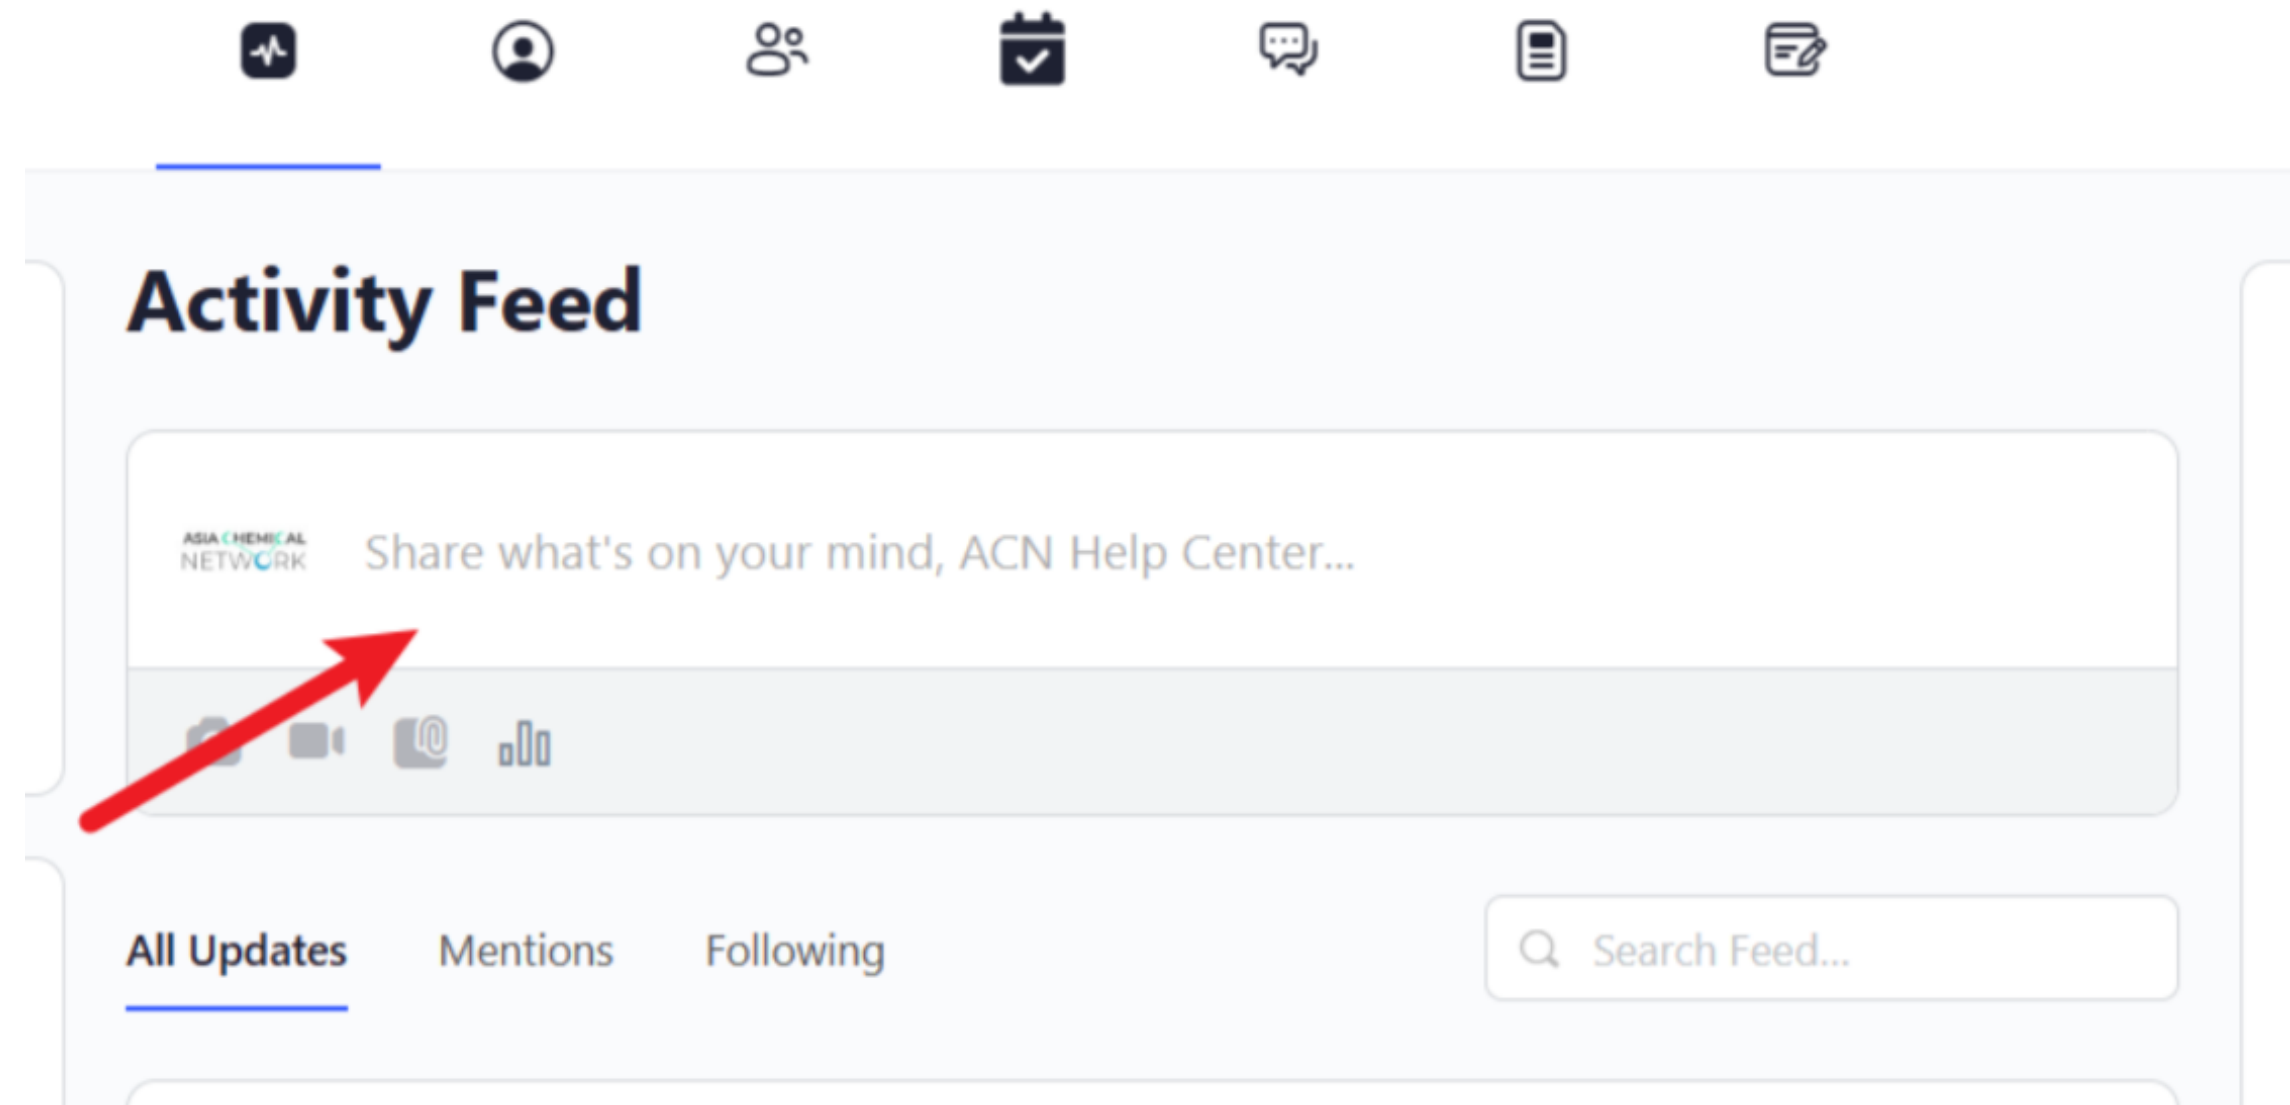

The screenshot displays the Asia Chemical Network interface. At the top left is the logo. The top navigation bar contains several icons, with a red arrow pointing to the '+' icon. Below the navigation bar, the main content area is divided into three sections: 'Forums', 'Activity Feed', and 'Complete Your Profile'. The 'Forums' section lists 'China Forum' (3), 'India Forum' (0), and 'Korea Forum' (1). The 'Activity Feed' section features a text input field with the placeholder 'Share what's on your mind, ACN Help Center...', a search bar, and a post by 'Bhushan Fegde' titled 'Understanding Isatoic Anhydride: An Important Intermediate You Should Know About.' The 'Complete Your Profile' section shows a progress gauge at 31% and a list of profile completion items: 'Details' (4/4), 'Professional Information' (0/10), 'Profile Photo' (1/1), and 'Cover Photo' (0/1).

How To Make A Post In Activity Feed

Follow these steps to make a post in the Activity Feed -

Step 2. Click the dialog box.

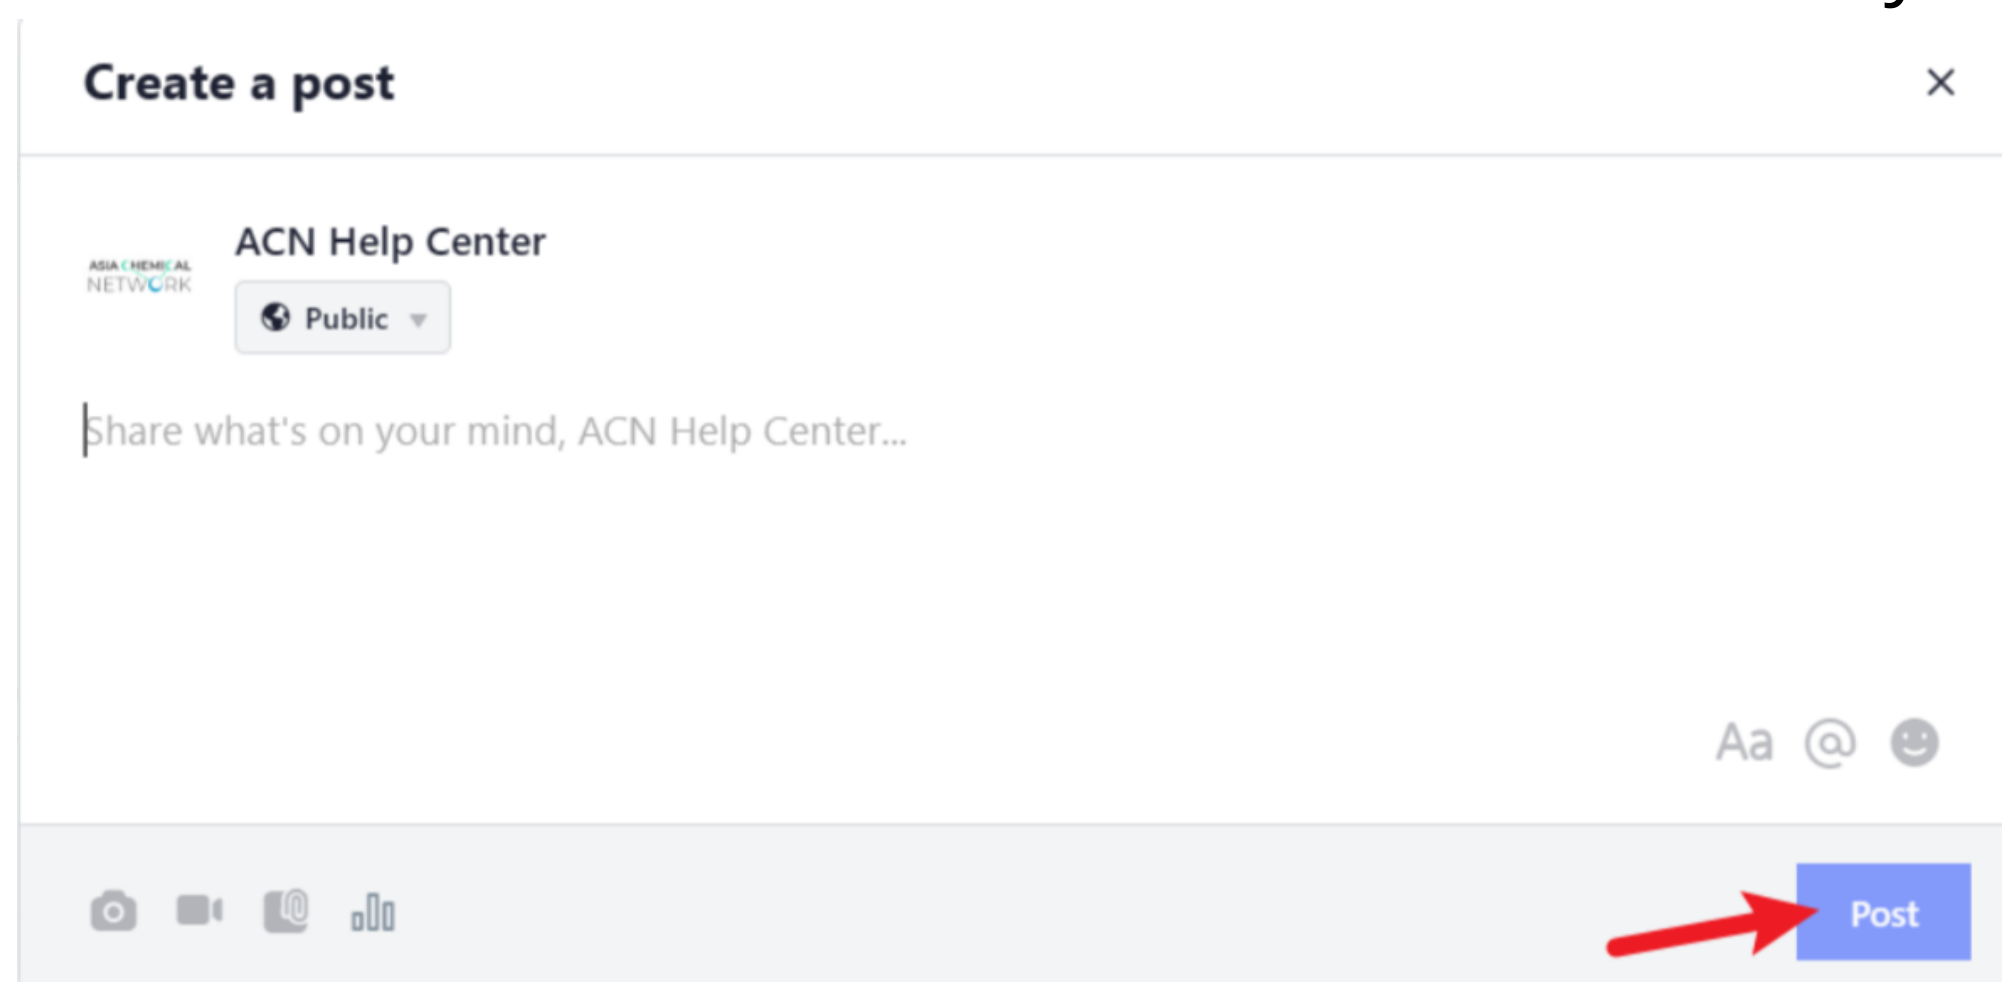

How To Make A Post In Activity Feed

Follow these steps to make a post in the Activity Feed -

Step 3. Type your post in the text area. You can also add attachments, images, videos, polls and links as needed. Once ready, click the “Post” button to share it with the community.

Your post will appear in the Feed.
